# 1 ERASMUS+ - Key Action 1 for Higher Education

## International Credit Mobility (ICM)

### 1.1 What is the ICM from Partner Countries to NOVA?

Credit mobility can be defined as a limited period of study or training abroad (in the framework of on-going studies at a home institution) for the purpose of gaining credits. After the mobility phase, students return to their home institution, where the credits are recognised and they complete their studies.

Since 2015, Erasmus+ also funds International Credit Mobility, in addition to intra-European credit mobility (known until now as 'Erasmus mobility'). For nearly 30 years, Europe has funded the Erasmus programme, which has enabled over three million European students to spend part of their studies in another higher education institution or in a company in Europe. Erasmus+ now opens up these opportunities, allowing for mobility of students and staff, from and to other parts of the world.

The International Credit Mobility project 2018-2020 will support the following mobility activities:

## 2.2 Eligibility Criteria

If you want to know whether or not you can apply for a period of mobility under this programme, these are the main criteria you must take into consideration.

### 1) Eligible Participants

**Student mobility for study (SMS):** students registered at an eligible HEI and undertaking a recognised degree or another recognised tertiary level qualification. As only study mobilities are eligible between NOVA and Partner Countries HEI's, the students must be enrolled at least in the second year of higher education studies.

The mobility activity has to be compatible with the student's degree-related learning and personal development needs. The study period abroad must be part of the student's study programme to complete a degree at First cycle / Bachelor's or equivalent level a Second cycle/ Master or equivalent level.

**Staff mobility for teaching (STA):** teaching staff employed in the Partner Country HEI, including employed doctoral candidates that have been invited to teach at an HEI. This activity allows HEI teaching staff to teach at a partner HEI abroad. Staff mobility for teaching can be in any subject area/academic discipline.

**Staff mobility for training (STT):** staff employed in the Partner country HEI. This activity supports the professional development of HEI teaching and non-teaching staff in the form of training events abroad (excluding conferences) and job shadowing/observation periods/training at a partner HEI, or at another relevant organization abroad.

## 2) **General criteria**

- ✓ Erasmus+ enables students to study abroad more than once as long as a total maximum of 12 months per study cycle is respected (i.e. up to 12 months at Bachelor level including "short cycle" studies, up to 12 months at Master level, up to 12 months at Doctoral level);
- ✓ You must know the language of the courses and/or of one of the languages currently spoken in the hosting countries you are applying to;
- ✓ You must respect the specific and additional criteria applicable to the type of mobility that you are applying to (undergraduate, administrative and academic staff mobilities);
- ✓ If you have special needs<sup>1</sup> then you should upload in the application form a document that specifically proves the actual status of vulnerability and should inform the Host Institution of any special logistics necessary.
- ✓ The Erasmus grant is intended to offset only the additional expenses you may incur while you are abroad - you should not depend on it to cover your essential living costs.(i.e., the grant does not cover all the expenses you will have);
- ✓ The host institution may internally define other criteria, so applicants must pay attention to any specific academic requirements (available with the academic offers);
- ✓ If you are an undergraduate student, you must have successfully completed at least one year of your HEI studies;
- ✓ Candidates MUST contact the HEI they intend to apply to, in order to settle the mobility dates and establish: the Learning Agreement - for SMS; the Teaching mobility agreement - for STA; the Training mobility agreement - for STT.

---

<sup>1</sup> Example: applicants who have disadvantaged background, socio-economic difficulties, mental, physical, sensory or other disabilities.

## 2.3 Grant Support for the Mobility

STUDENTS mobility (Studies - SMS)	Mobility periods: 3 to 5 months		
	Origin	Host Country	Monthly allowance
	Eligible Partner Countries	Portugal (Programme Country – Group 2)	850 EUR / month
STAFF mobility (Academic Staff- STA)	Mobility period: 5 working days, plus 2 days for travel.  The per diem amount for Staff: - From the partner countries to the programme countries: 160 EUR		
STAFF mobility (Administrative Staff - STT)			

All types of mobility are short duration periods, therefore they **DO NOT** have the possibility of a full degree.

**NOTE:** These tables show the minimum and maximum period allowed for each type of mobility. Remember that the host HEI **establishes the academic offers**, so please check them carefully. Also, remember **to establish, before the application, your learning agreement (SMS) or mobility agreement (STA/STT)** and to **settle your mobility period accordingly to the available grant**.

## 3 Application Procedures

Now that you have confirmed that you are an eligible candidate, the next phase is preparing your application. In order to do so, you will need to choose among all the different academic offers and start preparing all the necessary documentation.

### 3.1 Preparing the Application

In the phase of preparing the application, the candidate should follow the subsequent **steps**:

**STEP 1.** Verify the eligibility criteria previously indicated;

**STEP 2.** Select the host institution and academic offer (see table at page 2)

When selecting the host institution, it is crucial to:

- Ensure that you master the language of tuition or that the host institution provides support for applicants without the needed language skills for the country/course;
- Ensure that you have the necessary academic background in terms of study areas/degree to apply to the type of scholarship and to the selected activity;
- Be aware of the real cost of living at each partner institution and analyze it considering the monthly amount of the scholarship, in case of selection;
- Consider the need to adapt to different cultural realities and also to different climate conditions, in case of selection.
- Consider the need to have some extra financial support for the mobility period.

**STEP 3.** Read attentively the “Guidelines for Applicants”;

**STEP 4.** Collect all necessary information and documents to fill in the Application form.

Several documents are mandatory. If not uploaded in the last section of application form, the application cannot be submitted. In case of unreadable documents the application will be considered invalid and will not be evaluated.

**STEP 5.** Contact the host HEI in order to settle the **mobility dates** and **the proposal** for: **the Learning Agreement - for SMS**; the **Teaching mobility agreement - for STA**; the **Training mobility agreement - for STT**;

**STEP 6.** Make sure that **the motivation letter** presented in the application concerning the mobility's benefits and expected outcomes is clear;

**STEP 7.** Prepare a **mobility/project proposal** describing the aims, activities and foreseen study/working plan and having into consideration the objectives and goals of the programme; **Ensure that this proposal is objective** and specific concerning its methodology and viability, impact and benefit, as well as the capacity of attaining the project's purposes within the timeframe established by the duration of the scholarship. The lack of detailed information or objectivity will reduce the chances of success during the process of application's evaluation;

**STEP 8.** Once all the information is gathered and access to the platform <https://up.pt/icmunl2018/> and you are ready to filling your application form.

## 3.2 Online Submission
